has resulted in price concessions, and sentiment in iron and steel is not improved. Production is being curtailed and mill forces reduced, the policy of the railroads in confining purchases to the closest possible limits constituting the chief drawback.

"Sentiment in the financial markets has improved in response to the more favorable turn in the Maxican situation, quotations of securities recovering part of the recent losses. Buying of stocks for European account was a factor in checking the rise in sterling exchange and contrary to expectations no gold was engaged for export to Paris. Clearings through the banks this week again exceeded those of last year, the gain being 4.8 per cent., while gross earnings of railroads reporting for three weeks of April show a sight increase of 0.1 per cent., as compared with 1912."

**Readstreat's says: "Excellent reports as to crop prospects strikingly contrast with advices of irregularity in trade and industry. Where weather conditions have been favorable a moderately grod volume of retail business has been done, but in the Northwest it has been tone we for best developments, and in the Southwest, as well as in parts of the West and in the Say generally, movements have been retarded by low temperatures.

"At the same time country trade rules quiet, chiefly because farmers are too busy with spring work to come to buying centres. Incidentally, wholesale trade exhibits between seasons quiet, and except in special instances buying continues of a hand to mouth character, little disposition to cover far future wants being in evidence.

"Money is easy, and demand for commercial purposes is fairly good. Stock market opera-
